

Eyeful Band

©2021 Deborah Roberti

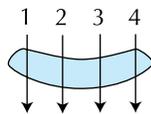

Bead up this simple band using size 11/0 and 8/0 seed beads, IrisDuo beads and QuadBow beads—new four-hole 6x15mm Czech beads from PotomacBeads.com.

- = Color1 11/0 seed bead
- = Color2 11/0 seed bead
- = 8/0 seed bead

NOTE: QuadBow beads have four holes so go through the numbered hole specified in the directions that follow:

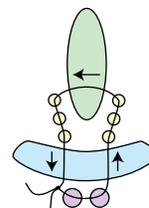

In addition, position the QuadBow beads the way they appear in my illustrations.

STEP 1: Thread your needle with a length of FireLine that you feel comfortable working with and add more as you need it. Leaving about a 10-inch tail for attaching one end of the clasp, string two 8/0 seed beads and go up through the third hole of a QuadBow bead.

Holding on to your tail thread, string three Color1 size 11/0 seed beads and go through the bottom hole of an IrisDuo bead.

String three more Color1 size 11/0 seed beads. Go down through the second hole of the QuadBow bead that you just strung.

Grab your tail thread and tie the beads together with a tight double knot:

MATERIALS

(for a 7.25-inch bracelet, not including clasp)

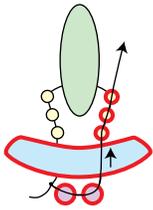

- About 3 yards of 6 lb. FireLine
- About 135 Color1 size 11/0 seed beads*
- About 175 Color2 size 11/0 seed beads*
- About 18 size 8/0 seed beads*
- 7 IrisDuo beads
- 14 QuadBow beads
- clasp

* I used Miyuki brand seed beads. Toho brand may be a bit too fat for the size 11/0 seed beads needed.
